SEZ “Saryarka”

Established:	November 24, 2011
Remains in force:	December 1, 2036
Location:	karaganda region bukhara district
Area:	534,9 ha
Purpose:	<ul style="list-style-type: none">- development of the metallurgical and metal-fabricating industries, in particular the production of finished products by encouraging the producers of worldwide brands to participate;- develop and implement breakthrough investment projects to build and develop a world-class metallurgical and metal-fabricating industries for intensive processing of raw materials and production of a comprehensive and competitive range of products with high added value;- development and implementation of research and scientific and technological innovation projects to establish and develop production and treatment technologies, including deep processing of raw materials;- investment in the construction and development of an integrated metallurgical industry based on public-private partnerships.

Priority activities:	<ul style="list-style-type: none">- metallurgical industry;- manufacture of finished metal products, except for machinery and equipment;- production of engines and turbines, except for aviation, automobile and motorcycle engines;- manufacture of automobiles, trailers and semitrailers;- production of computers, electronic and optical goods;- manufacture of electric equipment;- manufacture of chemical industry products;- manufacture of rubber and plastic products;- - manufacture of building materials and non-metal mineral products;- manufacture of hydraulic equipment;- manufacture of other pumps, compressors, plugs and valves;- manufacture of other chocks, gear wheels, gear and drive components;- manufacture of stoves, ovens and furnace burners;- manufacture of lifting and shipping equipment;- manufacture of manual electric tools;- manufacture of industrial refrigeration and ventilation equipment;- manufacture of liquid minerals purification equipment;- manufacture of equipment for production, dispersion and diffusion of liquid minerals or powders;- manufacture of purification equipment for oil refining, chemical industry, beverage industry;- manufacture of centrifuges (except for cream separators and dryers);- manufacture of water cooling towers for direct cooling by recirculating water;- manufacture of agricultural and forestry equipment;- manufacture of equipment for metal forming;
----------------------	---

- manufacture of other metal-working machines;
- manufacture of machinery and equipment for metallurgy;
- manufacture of equipment for mining industry, underground operation and construction;
- manufacture of equipment for production and processing of food products, beverages and tobacco products;
- manufacture of equipment for production of textile, sewing, fur and leather products;
- manufacture of equipment for paper and paperboard production;
- manufacture of equipment for rubber, plastic and other polymeric materials processing.
