STOP!
DO NOT BRING AFRICAN SWINE FEVER TO CANADA

African swine fever is a SERIOUS VIRAL DISEASE affecting pigs. The death rate is very high and could affect the Canadian pork industry and Canada’s economy.

CRITICAL ACTIONS

DO NOT bring pork products into Canada.
Always DECLARE all food, plant and animal products at the border.

Tell a Border Services Officer if you have RECENTLY VISITED OR WORKED ON A FARM outside of Canada. Your footwear and/or clothing might be contaminated.

FAILURE TO DO SO COULD RESULT IN

The seizure of the pork products for safe disposal
A penalty of up to $1300 or prosecution for not declaring
The introduction and spread of African swine fever in Canada

#3 Canada is the world’s third-largest pork exporter, exporting to more than 100 countries.

The pork industry generates upwards of $24 billion to the Canadian economy every year.
