The Government of Canada and the Government of Chile, pursuant of Article E-11(1) of the Canada-Chile Free Trade Agreement, adopt the following Uniform Regulations regarding the interpretation, application and administration of Chapters C and E of the Canada-Chile Free Trade Agreement.

Section A – Certification of Origin

Article I: Certificate of Origin

1. The Certificate of Origin referred to in Article E-01(1) of the Canada-Chile Free Trade Agreement (hereinafter “the Agreement”) shall be:
 - (a) equivalent in substance to the Certificate of Origin set out in Annex I.1a;
 - (b) in a printed format or in such other medium or format as may be approved by the customs administration of the Party into whose territory the good is imported;
 - (c) completed by the exporter in accordance with these Uniform Regulations, including any instructions contained in the Certificate of Origin set out in Annex I.1a; and
 - (d) at the option of the exporter, completed in either the language of the Party into whose territory the good is imported or the language of the Party from whose territory the good is exported in accordance with Annex I.1d.
2. For purposes of Article E-01(5)(a) of the Agreement, a single Certificate of Origin may be used for:
 - (a) a single shipment of goods that results in the filing of one or more entries on the importation of the goods into the territory of a Party; or
 - (b) more than one shipment of goods that results in the filing of one entry on the importation of the goods into the territory of a Party.

Article II: Obligations Regarding Importations

1. For purposes of Article E-02(1)(a) of the Agreement, “valid Certificate of Origin” means a Certificate of Origin that the exporter of the good in a territory of a Party completes in accordance with the requirements set out in Article I of these Uniform Regulations.
2. For purposes of Article E-02(1)(c) of the Agreement:
 - (a) the importer shall, upon the request of the customs administration of the Party into whose territory the good is imported, provide a written translation of the Certificate of Origin in the language of that Party; and
 - (b) where the customs administration of the Party into whose territory the good is imported determines that a Certificate of Origin is illegible, defective on its face or has not been completed in accordance with Article I of these Uniform Regulations, the importer shall be granted a period of not less than five working days to provide the customs administration with a copy of the corrected Certificate.
3. An importer that makes a corrected declaration of origin pursuant to Articles E-02(1)(d) and (2)(b) of the Agreement, and pays any duties owing shall not, in accordance with Article E-02(2)(b), be subject to penalties, as set out in Annex II.3.
4. Where as a result of an origin verification conducted under Article E-06 of the Agreement, the customs administration of a Party determines that a good that is covered by a Certificate of Origin that is applicable to multiple importations of identical goods in accordance with Article E-01(5)(b) does not qualify as an originating good, such Certificate may not be used to claim preferential tariff treatment for those identical goods after the date that the written determination is provided under Article E-06(9).

Article III: Exceptions

1. The statement referred to in Article E-03(a) of the Agreement shall, where required by the customs administration of the Party into whose territory the good is imported, be attached to, handwritten, stamped or typed on the commercial invoice covering the good.
2. For purposes of Article E-03 of the Agreement, “series of importations” is defined in Annex III.2.

Article IV: Obligations Regarding Exportations

1. For purposes of Article E-04(1)(b) of the Agreement, “promptly” means “immediately”.
2. For purposes of Article E-04(3) of the Agreement, no Party may impose civil or administrative penalties on an exporter or producer of a good in its territory where the exporter or producer, prior to the commencement of an investigation by officials of that Party with authority to conduct a criminal investigation regarding the Certificate of Origin, provides the written notification referred to in Article E-04(1)(b).
3. For purposes of Article E-04(1)(b) of the Agreement, where the customs administration of a Party provides an exporter or producer of a good with a determination under Article E-06(9) that the good is a non-originating good, the exporter or producer shall notify all persons to whom it gave a Certificate of Origin in respect of the good affected by the determination.

Section B – Administration and Enforcement

Article V: Records

1. The documentation and records required to be maintained under Article E-05 of the Agreement shall be kept in such a manner as to enable an officer of the customs administration of a Party, in conducting a verification of origin under Article E-06, to perform detailed verifications of the documentation and records to verify the information on the basis of which:
 - (a) in the case of an importer, a claim for preferential tariff treatment was made with respect to a good imported into its territory; and
 - (b) in the case of an exporter or producer, a Certificate of Origin was completed with respect to a good exported to the territory of the other Party.
2. Importers, exporters and producers in the territory of a Party that are required to maintain documentation or records under Article E-05 of the Agreement shall be permitted, in accordance with that Party’s law, to maintain such documentation and records in machine-readable form, provided that the documentation or records can be retrieved and printed.
3. Exporters and producers that are required to maintain records pursuant to Article E-05(a) of the Agreement shall, subject to the notification and consent requirements provided for in Article E-06(2), make those records available for inspection by an officer of the customs administration of a Party conducting a verification visit and provide facilities for inspection thereof.
4. A Party may deny preferential tariff treatment to a good that is the subject of an origin verification where the exporter, producer or importer of the good that is required to maintain records or documentation under Article E-05 of the Agreement:
 - (a) subject to paragraph 5, fails to maintain records or documentation relevant to determine the origin of the good in accordance with the requirements of the Agreement, these Uniform Regulations or the Uniform Regulations under Chapter D of the Agreement; or
 - (b) denies access to the records or documentation.
5. Where the customs administration of a Party finds during the course of an origin verification that a producer of a good in the territory of the other Party has failed to maintain its records in accordance with the Generally Accepted Accounting Principles applied in the territory of the Party in which the good is produced as required by Article D-13(e) of the Agreement, the producer shall be given an opportunity to record its costs in accordance with those Generally Accepted Accounting Principles within 60 days of being informed in writing by the customs

administration that the records have not been maintained in accordance with those Generally Accepted Accounting Principles.

6. For purpose of Article E-05 of the Agreement and these Uniform Regulations, “records” include books as referenced in the Uniform Regulations under Chapter D.

Article VI: Origin Verifications

1. For purposes of and according to Article E-06(1)(c) of the Agreement, the customs administration of a Party may, in addition to conducting a verification of origin by means of written questionnaires and verification visits pursuant to Articles E-06(1)(a) and (b), conduct a verification of origin with respect to a good that is imported into its territory by means of:

(a) a verification letter that requests information from the exporter or producer of the good in the territory of the other Party, provided that it contains specific reference to the good that is the subject of the verification; or

(b) any other method of communication customarily used by the customs administration of the Party in conducting a verification.

2. Subject to paragraph 3, where the customs administration of a Party conducts a verification under paragraph 1(b), it may, on the basis of a response of an exporter or producer to a communication referred to in paragraph 1(b), issue a determination under Article E-06(9) of the Agreement:

(a) that the good does not qualify as an originating good, provided that the response is in writing and is signed by that exporter or producer; or

(b) that the good qualifies as an originating good.

3. Where the producer of a good chooses to calculate the regional value content of a good under the net cost method as set out in the Uniform Regulations under Chapter D of the Agreement, the customs administration of the Party into whose territory the good was imported may not, during the time period over which the net cost has been calculated, verify the regional value content in respect of the good.

4. The customs administration of a Party, in conducting a verification visit under Article E-06(1)(b) of the Agreement, shall send the notice referred to in Article E-06(2)(a) by certified or registered mail, or any other method that produces a confirmation of receipt by the exporter or producer whose premises are to be visited.

5. Where the exporter or producer of a good that is the subject of a proposed verification visit by the customs administration of a Party has not given its written consent to a visit under Article E-06(4) of the Agreement, the customs administration may determine that the good does not qualify as an originating good and may deny preferential tariff treatment to that good.

6. For purposes of Article E-06(7) of the Agreement, an exporter or producer of a good shall identify to the customs administration conducting a verification visit any observers designated to be present during such visit.

7. Each Party shall identify to the other Party, on or before the date the Agreement enters into force, the office to which notice shall be sent under Article E-06(2)(a)(ii) of the Agreement.

8. For purposes of Article E-06(5) of the Agreement, a notice of postponement of a verification visit shall be made in writing and shall be sent to the address of the customs office that sent the notice of intention to conduct a verification visit.

9. The common standards for the written questionnaires referred to in Article E-06(1)(a) of the Agreement are set out in Annex VI.9.

10. Where, pursuant to Article D-03(2) of the Agreement, a producer of a motor vehicle as defined in Article D-16 elects to average its regional value-content calculation over its fiscal year, the customs administration of the Party into whose territory the motor vehicle was imported may request, in writing, that the producer submit a cost submission reflecting the actual costs incurred in the production of the category of motor vehicles for which the election was made.

11. Where the customs administration of a Party requests that a cost submission be submitted by the producer of a motor vehicle under paragraph 10, such cost submission shall be submitted within 180 days after the close of that producer's fiscal year or within 60 days from the date on which the request was made, whichever is later.
12. Where the customs administration of a Party sends a written request under paragraph 10, such a request shall constitute a verification letter under paragraph 1(a).
13. The customs administration of a Party may, for purposes of verifying the origin of a good, request that the importer of the good voluntarily obtain and supply written information voluntarily provided by the exporter or producer of the good in the territory of the other Party, provided that the failure or refusal of the importer to obtain and supply such information shall not be considered as a failure of the exporter or producer to supply the information or as a ground for denying preferential tariff treatment.
14. Nothing in this Article shall limit any right accorded under Chapter E of the Agreement to the exporter or producer of a good in the territory of a Party by virtue of the fact that such exporter or producer is also the importer of the good in the territory of the Party in which preferential tariff treatment is claimed.
15. Where a customs administration conducts a verification of origin of a good under Article E-06(1)(a) of the Agreement or paragraph 1(a), it may send the verification letter or questionnaire by:
- (a) certified or registered mail, or any other method that produces confirmation of receipt by the exporter or producer; or
 - (b) any other method, regardless of whether it produces proof of receipt from the exporter or producer of the good.
16. Where the customs administration of a Party has sent a verification letter or questionnaire to an exporter or producer of a good in the territory of the other Party and such exporter or producer fails to respond within the period specified therein, which shall be no less than 30 days from the date on which the verification letter or questionnaire was sent, the customs administration:
- (a) shall send a subsequent verification letter or questionnaire
 - (i) if requested by the Party from whose territory the good was exported, by the method set out in paragraph 15(a), or
 - (ii) if not requested by the Party from whose territory the good was exported, by the method set out in paragraph 15(a) or (b); and
 - (b) may send, with that subsequent verification letter or questionnaire, the written determination referred to in Article E-06(9) of the Agreement, including a notice of intent to deny preferential tariff treatment referred to in paragraph 19.
17. Where the customs administration of a Party sends a written determination under paragraph 16(b) and the exporter or producer fails to respond to the subsequent verification letter or questionnaire within 30 days:
- (a) from the date of its receipt by the exporter or producer, where it was sent in accordance with paragraph 16(a)(i); or
 - (b) from the date of its receipt by the exporter or producer or from the date it was sent by the customs administration, as the case may be, in accordance with paragraph 16(a)(ii),
- the customs administration may deny preferential tariff treatment to the good.
18. Where the customs administration of a Party does not send a written determination under paragraph 16(b) and the exporter or producer fails to respond to the subsequent verification letter or questionnaire within 30 days:
- (a) from the date of its receipt by the exporter or producer, where it was sent in accordance with paragraph 16(a)(i), or
 - (b) from the date of its receipt by the exporter or producer or from the date it was sent by the customs administration, as the case may be, in accordance with paragraph 16(a)(ii),

the customs administration may deny preferential tariff treatment to the good in accordance with paragraph 19.

19. Where the customs administration of a Party determines, as a result of an origin verification, that a good that is the subject of the verification does not qualify as an originating good, the written determination provided for under Article E-06(9) of the Agreement shall:

(a) include a notice of intent to deny preferential tariff treatment with respect to that good that specifies the date after which preferential tariff treatment will be denied and the period during which the exporter or producer of the good may provide written comments or additional information regarding the determination; and

(b) if requested by the Party from whose territory the good is exported, be sent by certified or registered mail or by any other method that produces confirmation of receipt by the exporter or producer of the good.

20. Where the customs administration of a Party determines on the basis of information obtained during a verification that a good does not qualify as an originating good:

(a) the date on which preferential tariff treatment may be denied pursuant to the notice referred to in paragraph 19, shall be no earlier than 30 days from the date on which

(i) receipt of the written determination is confirmed by the exporter or producer, if a request has been made under subparagraph 19(b), and

(ii) the customs administration sends the written determination, if no such request has been made; and

(b) before denying preferential tariff treatment, the customs administration shall take into account any comments or additional information provided by the exporter or producer during the period referred to in subparagraph (a).

21. For purposes of Article E-06(10) of the Agreement, “pattern of conduct” means repeated instances of false or unsupported representations by an exporter or producer of a good in the territory of a Party that are established by the customs administration of the other Party on the basis of not fewer than two origin verifications of two or more importations of the goods that result in not fewer than two written determinations being sent to that exporter or producer pursuant to Article E-06(9) that conclude, as a finding of fact, that Certificates of Origin completed by that exporter or producer with respect to identical goods contain false or unsupported representations.

22. For purposes of Article E-06(12) of the Agreement, “consistent treatment” means the established application by the customs administration of a Party that can be substantiated by the continued acceptance by that customs administration of the tariff classification or value of identical materials on importations of the materials into its territory by the same importer over a period of not less than two years immediately prior to the date that the Certificate of Origin for the good that is the subject of the determination under Article E-06(11) was completed, provided that with respect to those importations:

(a) such materials had not been accorded a different tariff classification or value by one or more district, regional or local offices of that customs administration on the date of such determination; and

(b) the tariff classification or value of such materials is not the subject of a verification, review or appeal by that customs administration on the date of such determination.

23. For purposes of Article E-06(12) of the Agreement, a person shall be entitled to rely on a ruling or advance ruling in accordance with Annex VI.23.

24. A ruling or advance ruling referred to in paragraph 23 that is issued by the customs administration of a Party shall remain in force until modified or revoked.

25. No modification or revocation of a ruling referred to in paragraph 23, other than an advance ruling, may be applied to a good that was the subject of the ruling and that was imported prior to the date of such modification or revocation unless:

(a) the person to whom the ruling was issued has not acted in accordance with its terms and conditions; or

(b) there has been a change in the material facts or circumstances on which the ruling was based.

26. For purposes of Article E-06(11) of the Agreement, reference to the phrase, “one or more materials used in the production of the good” means materials that are used in the production of the good or that are used in the production of a material that is used in the production of the good.

27. Article E-06(12)(a) of the Agreement in relation to Article E-06(11) includes:

- (a) a ruling or advance ruling that is issued with respect to a material that is used in the production of the good or that is used in the production of a material that is used in the production of the good; or
- (b) the consistent treatment given on the entry of a material that is used in the production of the good or that is used in the production of a material used in the production of the good.

28. Where the customs administration of a Party, in conducting a verification of origin of a good imported into its territory under Article E-06 of the Agreement, conducts a verification of the origin of a material that is used in the production of the good, the verification of the material shall be conducted in accordance with the procedures set out in:

- (a) Articles E-06(1), (2), (3), (5), (7) and (8); and
- (b) Paragraphs 1, 2, 3, 4, 6, 8, 13, 14, 15 and subparagraph 16(a).

29. The customs administration of a Party, in conducting a verification of a material that is used in the production of a good pursuant to paragraph 28, may consider the material to be non-originating in determining whether the good is an originating good where the producer or supplier of that material does not allow the customs administration access to information required to make a determination of whether the material is an originating material by the following or other means:

- (a) denial of access to its records;
- (b) failure to respond to a verification questionnaire or letter; or
- (c) refusal to consent to a verification visit within 30 days of receipt of notification under Article E-06(2) of the Agreement, as made applicable by paragraph 28.

30. A Party shall not consider a material that is used in the production of a good to be a non-originating material solely on the basis of a postponement of a verification visit under Article E-06(5) of the Agreement as made applicable by paragraph 28(a).

 - (b) the applicant has failed to provide the information within the period specified.

 - (b) of a failure to comply with a time limit under these Uniform Regulations or under the Agreement, except for the time limit under Article E-02(3) of the Agreement, with respect to the furnishing of records or other information to the customs administration of that Party;

the decision rendered on review and appeal under Article E-10(2)(a) of that determination shall be on the merits of whether the good qualifies as an originating good, provided that in the case of subparagraph (a) above, a corrected Certificate of Origin is provided to the customs administration of the Party.

Section E – Tariff Elimination

Article IX: Tariff Elimination

For purposes of Annex C-02.2 of the Agreement, each Party may notwithstanding that the requirements of Article E-02 and any other legal requirements imposed under its law have been satisfied, deny the applicable preferential tariff rate of duty set out in that Annex to an originating good imported into its territory:
 - (a) if, where contrary to the laws of that Party, the claim for preferential tariff treatment for the good is not supported by documentary evidence such as invoices, bills of lading or waybills that indicate the shipping route and all points of shipment and transshipment prior to the importation of the good into its territory; and
 - (b) if, where the good is shipped through or transshipped in the territory of a country that is not a Party under the Canada-Chile Free Trade Agreement, the importer of the good does not provide, on the request of that Party’s customs administration, a copy of the customs control documents that indicate, to the satisfaction of the customs administration, that the goods remained under customs control while in the territory of such country.
